

## THE QUIET ONE™

## Blending Station® Advance™

### Up to 4 Times Quieter Than the Competition

Innovative vibration dampening technology creates Vitamix quality drinks in a more enjoyable customer atmosphere.

### Magnetically Secured Floating Sound Enclosure

Dramatically easier to clean and disassemble. No screws to damage the enclosure. No parts to lose.

### Ultimate Blending Flexibility and Optimization

Variable speed control and automatic shut-off provide flexibility in creating endless recipes.

The 6 program buttons with 34 optimized programs in memory provide operators with easy, consistent drinks every time.

Custom blending programs can easily be created for signature drinks.

### Improved Speed of Service

The Advance™ container design reduces blend and pour time for faster customer service.

### Designed for High Performance

Air management and powerful  $\approx 3$  peak (output) HP motor reduces noise, improves reliability and reduces down time.
